Senator Warner,

1984 DEC - 5  
On our tax supported television Station in Norfolk on the "Late Night America" talk show there was a call stating as a fact that the CIA had tortured people in foreign countries. I would like to know whether this accusation is true. Another question raised "Are the CIA agents taught methods of torture?" Answer given in each instance. "We have had no complaint, therefore I can say nothing." - Which sounds more like "stonewalling" it than the truth. With this kind of propaganda being broadcast (with the aid of my taxes) on all PBS stations across USA  
(over please)

I think we should have some  
clear answer.

yours very truly
